- Safety measures: consult the Safety Data Sheet.

## Packing

Novair Office - aerosol 250ml

463002000

## Product

### Characteristics

- Is a high-pressure cleaner that blows clean even the most inaccessible of places with clean dry air with the help of its extension straw.
- Contains dry air for safe dedusting of all hardware, electrical and electronic devices.
- Regular dedusting optimises contacts, improves cooling, and prevents breakdowns.
- Reduces static electricity in electronic components.

### Applications

Computers, laptops, printers, monitors, keyboards, ...

## Use

- Fit the straw aerosol to the aerosol.
- Blow.
