- ✓ Prevents cracking, squeaking, vibrations and wear.
- ✓ Esthetical repair for an original look.
- ✓ A water-resistant PET-coat finished with textile.

## Technical Info

- Based on: PET.
- Top coat: woolly textile.
- Adhesive: rubber adhesive.
- Colour: black.
- Tensile strength: 40 N/cm.
- Elongation after fracture: 10-25%.
- Total thickness: 0.3 mm.
- Shrink: 0.3 mm. A
- Adhesive power: > 1.5 N/cm.
- Temperature resistance: from -30°C to +110°C.
- Solvents: free. Nova Pro Tape has a fast immediate adhesiveness on most materials which is 100% optimal after 24 hours.
- First test foundations based on PE, PP, silicones and bitumen for adhesion.
- Shelf life: 24 months, keep dry, cool and frost-proof.

## Packing

Nova Pro Tape - roll 19mm / 10m

553198000

## Product [PRO]

### Characteristics

Nova Pro Tape is a tape that is specially developed to protect cable trees, cable hoses, pipes and tubes manually. The tape has a good temperature resistance and is sound absorbing. Nova Pro Tape resists ageing and rotting. Thanks to the woolly textile and very thin structure of Nova Pro Tape overlappings are almost invisible.

### Applications

- protection and bundling of cables in dashboard or switch boxes against vibrations
- protection of cables, tubes, wires, pipes.
- gives your repair an original look.
- for the installation of LPG.

## Use

Apply on a clean surface.

Turn and press around the application.

Processing temperature between + 10 ° C and + 49 ° C.
