Product [HCP-830]

Characteristics

This hand soap quickly removes the most stubborn dirt without irritating the skin. The soft natural granules provide pore-deep action with respect for the skin. Moreover, these granules are biodegradable and do not contribute to the formation of microplastics. Concentrated formula, economical in use.

Use

- Apply to dry hands and rub in well until completely mixed with the dirt.
- Wipe with a cloth or rinse with water and dry.
- Repeat if necessary.
