

Novair Force

POWERFUL BLASTER AND DEDUSTER

- ✓ 6 bar high-pressure blower in aerosol shape.
- ✓ Without moisture or oxygen (no oxidation).
- ✓ Handy extension pipe for precision work.

Technical Info

- Composition: mixture of solvent and inert gas.
- Color: transparent.
- Odour: characteristic.
- Vapour pressure at 20°C (hPa): 5,74.
- Purity: 99,95 % minimum.
- Pressure at 20°C: 6 bar.
- Shelf life: 36 months, keep dry, cool and frost-proof.
- Safety measures: consult the Safety Data Sheet.

Packing

Novair Force - aerosol 250ml

463001000

Product [NOF]

Characteristics

- A 6-bar high pressure system that creates an enormous amount of air displacement with the help of its extension straw, even in hard-to-reach places.
- Contains absolutely no moisture and oxygen and is therefore appropriate for dedusting or drying electrical and electronic equipment.

Applications

- Preparing boreholes before anchoring.
- Cleaning of joints and cracks before sealing.
- Dedusting any surfaces requiring glueing.
- Blowing through congested pipes.
- Cleaning electric tools (dust and carbon deposits).

Use

- Fit the straw to the aerosol.
- Blow.
