### Product [NMF]

#### Characteristics

The Novawipe Microfibre FS lowers the risk of contamination, also in the food industry, when used according to HACCP, and the colour coding for the various cleaning jobs prevents cross contamination between different rooms. This Novawipe is a knitted microfibre cloth with excellent cleaning and absorption properties; thick because of its pyramidal texture, it has a weight of 280g/m<sup>2</sup>. The pyramidal structure delivers a deep cleaning with scrubbing effect. This Novawipe Microfibre FS is durable and removes mechanical and vegetable oils as well. Ideal for use with Novatio cleaners.
