## Packing

SFX-131 SurfX Cleaner - bottle 1L	482571000
SFX-131 SurfX Cleaner - can 5L	482575000

## Product [SFX-131]

### Characteristics

SFX-131 SurfX Cleaner is a professional broad spectrum cleaner for all water-resistant surfaces such as stainless steel, aluminium, plastics, glass, HPL, etc.

SFX-131 SurfX Cleaner removes stubborn dirt such as marker pens, sticker residue, tar stains, mineral and vegetable fats, and oils. It gives a streak-free result on all smooth surfaces. The product is completely colourless and odourless and can therefore be widely used in all hospitality sectors.

SFX-131 SurfX Cleaner is both high-performance and safe. It does not carry any symbols, pictograms or hazard phrases and is biodegradable according to the requirements of (EU) 648/2004 (Detergents Regulation).

### Applications

- Cleaning windows and doors after installation and placement
- Removing grease stains and fingerprints in showrooms, reception areas, etc.
- Washing all contact surfaces in hospitality areas: lifts, escalators, door handles, etc.
- Cleaning of commercial kitchens, food industries and all other HACCP environments
- Cleaning tables or desks with stubborn stains

## Use

- Ready to use
- Spray directly onto the surface to be cleaned
- Wipe dry with a dry, clean cloth or paper towel
- Do not use or allow to dry in the sun.
- Test in an inconspicuous area whether the material to be cleaned is resistant to the force of this product.
