

Cable Fixer

QUICK AND EFFICIENT BUNDLING

- ✓ Always the right length without any waste.
- ✓ Easy to apply: wind the band around the object, tighten, click, ready
- ✓ Stretching and cutting in one act.
- ✓ Easy to reload.
- ✓ Always the right size in stock. Bundles from 3 mm to 20 meter.
- ✓ No more band lying around.
- ✓ High quality synthetic band: resistant to U.V. and most chemicals.
- ✓ Can be used everywhere - ideal for working on "relocations".

Product

Characteristics

Cable Fixer is a handy tool for bundling and fixing. Due to the continuous band rolls, you can bundle lengths between 3 mm and 15 m, without any waste or loss. Cable Fixer automatically applies the stop clip and at the same time cuts the band at the right length in one movement without any loss. With Cable Fixer you save time and stock.

Applications

- fixing of cables inside and outside
- bundling and fixing of wires, cables, hoses in installations, machines, cars, motorbikes, bicycles, boats, etc.
- closing of bags binding up of plants
- hi-fi and computer cables
- bundling of packages

Use
