## Packing

ACM-190 Airclean One Shot Mint - aerosol 100ml 743020000

## Product [ACM-190]

### Characteristics

Powerful one-shot aerosol for professional interior freshening and air duct cleaning. Penetrates through the ventilation system to where odours originate. The formula neutralises unpleasant odours and leaves a fresh, long-lasting pleasant mint scent. Ideal as a finishing touch after maintenance.

### Applications

- Refreshing a vehicle interior after maintenance or repair
- Neutralising musty odours from the air conditioning system
- Preparing used vehicles for sale
- Seasonal air conditioning service (spring/summer)
- Removing stubborn odours (smoke, pets)
- Fleet management - standard treatment upon return

## Use

### Preparation

- Park the vehicle in a well-ventilated area
- Check that there are no persons or animals present
- Start the engine and turn on the air conditioning
- Turn the heating on at the lowest setting
- Set the fan to maximum power
- Activate internal air recirculation
- Close all windows and doors

### Application

- Shake the can thoroughly before use

- Place the aerosol can upright on the floor, centrally in the vehicle
- Press the spray head all the way in until it locks
- Exit the vehicle immediately and close the door
- Allow the aerosol to empty completely (approximately 2–3 minutes)
- Wait at least 10 minutes with the vehicle closed
- Open all doors and windows
- Ventilate the vehicle for at least 5 minutes
- Turn off the engine and air conditioning

Use Airclean / B-Clean for severe contamination or microbiological contamination of air ducts and/or air conditioning.
