

Novafuel Care & Protect

PROTECTION AND LUBRICATION OF COMBUSTION CIRCUIT

- ✓ Recommended after cleaning with Novafuel Parts Cleaner.
- ✓ Improves a smooth functioning.
- ✓ Prevents early pollution.
- ✓ Ideal for EGR-valves.
- ✓ Appropriate for fuel-, diesel- and LPG-motors

Technical Info

- Composition: mixture of aromatic hydrocarbons.
- Appearance: amber colored fluid.
- Scent: aromatic.
- Fire point: 65°C.
- Storage life: 12 months, dry, cool and frost-proof.
- Safety precautions: please consult safety data sheet.

Packing

Novafuel Care & Protect - aerosol 400ml

741204000

Product

Characteristics

Novafuel Care & Protect is easy to apply, protects and lubricates all parts of the combustion circuit and is safe for catalysts and can be used in diesel-, fuel- as well as in LPG motors.

Applications

- Improves the smooth functioning of moving parts in the combustion circuit.
- Prevents the pollutions and blocking of injectors.
- Extra lubrication, even of the latest injection systems.
- Prevents early pollution of all parts in the combustion circuit.
- After cleaning with Novafuel Parts Cleaner, treat the parts with Novafuel Care & Protect.

Treat new parts before assembling.

Use
